

[Cyprus]	Electricity	
	[TSOC]	
	Actual implementation in the MS	Instructions for assessment/explanations
	[Please fill in date on which you completed the questionnaire 26 September 2025]	

## Section A

### Legislation

#### Implementation of Article 19 (8) of the Directive 2018/2001 and amended with 2023/2413

Have you fully implemented the requirements of Art. 19 (8) of Directive 2018/2001(EU) amended with 2023/2413(EU)	Yes	If GOs are cancelled for disclosure period 1.4.Y to 31.3.Y+1, is it required that GOs with a production period within those limits are used? Yes/No
- If not, please specify which elements you have not implemented yet.		YES

#### Timing of disclosure

Do the production period on the GO and the disclosure period coincide?	No	Yes/No
Are GOs valid for transactions for more than 12 months after the production of the energy unit?	Yes	Yes/No
- If yes, please specify	GOs, from 12 until 18 months after the production of the energy unit, can only be cancelled (not transferred/ exported).	Please specify
Do GOs that have not been cancelled expire at the latest 18 months after the production of the energy unit?	Yes	Yes/No
- If no, please specify		Please specify
Are expired GOs collected into the Residual Mix (by fulfilling the statistic requirements of AIB)?	Yes	Yes/No
- If no, please specify		Please specify
When is the deadline for disclosure?	The 30th of June Year X+1	please specify; ex. 31 March Year X+1

#### Recognition of GOs from other countries

Do you have criteria in place for accepting foreign GO for disclosure?	Yes	Yes/No
- If yes: Are the criteria transparently published in your country?	YES, please see CERA's decision: <a href="https://www.cera.org.cy/el-gr/apofasis/details/apofasi-59-2022">https://www.cera.org.cy/el-gr/apofasis/details/apofasi-59-2022</a>	Please specify and indicate where those are published. If electronically please provide a link.
Do you accept imported GOs for disclosure from all EU member states and other members of the European Economic Area (EEA)?	please see CERA's decision: <a href="https://www.cera.org.cy/el-gr/apofasis/details/apofasi-59-2022">https://www.cera.org.cy/el-gr/apofasis/details/apofasi-59-2022</a>	Yes/No
- If no, please name the countries from which you do not accept imported GOs for disclosure		Please specify
- If yes, please specify the reasoning for accepting		Please specify
Do you accept imported GOs from parties to the Energy Community Treaty?	Please see CERA's decision: <a href="https://www.cera.org.cy/el-gr/apofasis/details/apofasi-59-2022">https://www.cera.org.cy/el-gr/apofasis/details/apofasi-59-2022</a>	Yes/No
- If yes, please name the countries from which you do import		Please specify
- If yes, please specify the reasoning for accepting		Please specify
Do you accept for disclosure imported GOs from other countries than EU and EEA?	It is examined case by case. Please see CERA's decision: <a href="https://www.cera.org.cy/el-gr/apofasis/details/apofasi-59-2022">https://www.cera.org.cy/el-gr/apofasis/details/apofasi-59-2022</a> .	Yes/No. This question is merely oriented towards countries from EU and EEA, but others are welcome to fill in
- If yes, please name the countries from which you accept imported GOs for disclosure		Please specify
- If yes, please specify the reasoning for accepting		Please specify
Does the customer get information on the country of origin of the GOs in the disclosure statement?	No	Yes, please specify where and how/No

#### Energy Storage

Can storage prolong the lifetime of a GO for more than 12 month after the production of the energy unit?	Not Applicable	Please describe
Does your system facilitate "Storage Issuance" (= cancel GOs for the input into storage and issue GOs for the storage output, with new production period?)	Not Applicable	Yes/No
- If yes, do you provide separate cancellation statistics for energy that goes into storage?	Not Applicable	Please describe
- If yes, do GO issuance statistics have a separate category for energy released from storage?	Not Applicable	Please describe

#### Member States reporting to EC on GO statistics and renewable energy consumption

Which principles do you use to report GO statistics and renewable energy consumption in Annex XVI of the Commission Implementing Regulation (EU) 2022/2299?		<a href="#">Link to Commission Implementing Regulation</a>
Do the reported figures differ from your published GO statistics?	No	Yes/No
- If yes, how do they differ?		Please describe
Do the reported figures differ from the reported consumption data for the annual residual mix exercise?	No	Yes/No
- If yes, how do they differ?		Please describe

## Issuing and cancelling of Guarantees of Origin

Unit of energy represented by a GO		
Is the unit of a GO MWh?	Yes	Yes/No
Do you use smaller units than MWh for GOs?	No	Yes/No
Is the standard size for smaller size GOs equal to 1 Wh?	Not applicable	Yes/No
- If no: please specify		please specify
Usage of ex-domain cancellations		
Do you issue your GOs under the European Energy Certificate System (EECS) of AIB?	Yes	Yes/No
Do you allow for ex-domain cancellations, which means cancelling a GO in your registry for the usage in another registry?	Yes	Yes/No
- If yes, please describe under which conditions?	When transfer via the AIB HUB is not possible due to technical issues.	please describe
- If yes, are ex-domain cancellations reported to the AIB for statistical purposes?	Yes	Yes/No
How do you ensure that GOs, cancelled for another domain, are not also claimed for consumption in your own domain?	These GOs are excluded from the number of cancelled Gos used in the calculation of disclosure.	please describe
Production data sources		
What is the data source for production data?	Distribution System Operator and Transmission System Operator	Please specify
- If possible, link to data source		Please specify the website for the data source and which party is in charge
When are the statistics based on production measurement data available for calendar year X?	By end of Jan X+1	Please specify yearly deadline
Is production data available with (sub)hourly granularity?	No	Yes/No
- If yes, which production categories?		Please specify
- If yes, what is the granularity of the data?		10mins/15mins/20mins/...
- If yes, how long after the production period is the data available?		Please specify
GO usage per system boundary		
Do you have rules in place that restrict the usage of GOs to a certain system boundary?	No	Yes /No (E.g. are there restrictions for where to use electricity GOs? Can hydrogen GOs be used for consumption from the natural gas grid? Can biomethane GOs be used for consumption from a hydrogen grid? Any specifics on vehicle transported gases? Restrictions on where heating and cooling GOs can be used? e.g. can heating and cooling GOs be exported? can they be used on another heating grid than where they were produced? etc)
- If yes, please specify		Please specify
Does your member state provide GO cancellation statistics for energy that changes dissemination level during its chain of custody?	No	Yes/No
Do you distinguish different types of GO cancellations: cancellations for final energy consumption vs. GO cancellation for input into energy carrier conversion, for storage, or other?	No	Yes/No/Please specify
Does your member state provide statistics on GOs that are cancelled for input into energy carrier conversion (= for GO Conversion Issuance)?	No	Yes/No
Link to the detailed cancellation statistics	Not publicly available	Please provide weblink

## Disclosure

General		
Does your member state have a disclosure obligation for origin of supplied/consumed energy?	Yes	Yes/No
- If yes, To which economic operators does it apply?	Suppliers	Please specify (categories like: regulated suppliers, corporate consumers, all, ...)
- If yes, Under what rules it is governed?	Please see CERA's decision: <a href="https://www.cera.org.cy/el-gr/apofasis/details/apofasi-166-2024">https://www.cera.org.cy/el-gr/apofasis/details/apofasi-166-2024</a>	Please name the relevant regulations and provide a reference (preferably a version in English)
Who is the Competent Body in charge for the supervision of disclosure?	Cyprus Energy Regulatory Authority (CERA)	Please specify name
- Under which legal nomination (law/decree/decision) are they appointed as competent body?	Law: <a href="https://www.cylaw.org/nomoi/enop/non-ind/2022_1_107/full.html">https://www.cylaw.org/nomoi/enop/non-ind/2022_1_107/full.html</a> Article 23 (3)	Provide reference to legal nomination
Are GOs the only instrument for disclosing known origin in disclosure statements to final customers?	Yes	Yes/No
- If no, please specify the other instruments		Please specify
Which measures are in place for supervision of suppliers regarding their disclosure of the origin of the gas of their supply?		Gas only, please describe
Do suppliers submit samples of their invoices to the disclosure supervisor?	Yes	Yes/No. Disclosure supervisor for <b>electricity</b> : the authority supervising the obligation on suppliers to inform their clients about their supplier mix and product mix according to Electricity Directive 2019/944, Annex 1, Article 5 Disclosure of energy sources.
Is there a public report on the result of the disclosure supervision?	Yes	Yes/No
- If yes, where can it be found?	On TSOC's Website: <a href="https://tsoc.org.cy/electricity-market/supplier-energy-mix-disclosure-2/">https://tsoc.org.cy/electricity-market/supplier-energy-mix-disclosure-2/</a>	Please specify
If a supplier is active in multiple Member States: does the supplier mix in your country/region account for this?	Not applicable	Yes/No

- If yes: how does this influence the supplier mix in your country/region?		Please specify
<b>Customer-specific disclosure</b>		
Can a consumer cancel their own GOs?	No	Yes/No.
Can other parties than licensed suppliers cancel GOs?	No	Yes/No.
When offered energy products include claims on the origin of the energy, are they always exclusively based on cancelled GOs?	Yes	Yes/No
- If no: please specify		please specify: when are deviations possible, what are claims based on otherwise.
<b>Calculations of Residual Mixes</b>		
Gas only: Does your Member State calculate the residual mix for gases?		Yes/No
- If yes, which method is used to determine this?		Please specify
- If yes, who calculates the Residual Mix in your Member State?		Name of organisation
- Weblink to the results of the national publication of the residual mix		weblink or explanation from when onwards this is expected
Electricity only: Do you use the data of the Residual Mix calculated by the AIB?	Yes	Yes/No
- If no, please specify which data you use?		Please specify
<b>Information on Disclosure communication</b>		
Is the annual disclosure of the supplier mix displayed on the energy bill?	Yes	Yes/No
- If no, please specify where it is displayed.		Please describe
Is disclosure information of different suppliers centrally available (e.g. reports) ?	Yes: <a href="https://tsoc.org.cy/electricity-market/supplier-energy-mix-disclosure-2/">https://tsoc.org.cy/electricity-market/supplier-energy-mix-disclosure-2/</a>	Pls. Provide short explanation plus reference to website/regulation.
If not, how is such consumption demonstrated and how is it reflected in the residual mix?		
Is there an official regulation on communication of aspects related to additionality or ecological quality aspects together with disclosure? Please describe.	Please see CERA's decision, including environmental impacts: <a href="https://www.cera.org.cy/el-gr/apofasis/details/apofasi-166-2024">https://www.cera.org.cy/el-gr/apofasis/details/apofasi-166-2024</a>	Pls. Provide short explanation plus reference to website/regulation.
<b>Consumption data</b>		
What is the data source for consumption data?	Distribution System Operator, Transmission System Operator, Market Operator, Suppliers	Please specify
- If possible, link to data source		Please specify the link to the data source
When are the statistics based on consumption measurement consumption data available for the calendar year X?	Until the end of February year X+1	Please specify
<b>Timeline of disclosure</b>		
When is the residual mix communicated to suppliers?	Until the 15th of June, year X+1	Indicate approximate timing every year
When do suppliers provide disclosure figures (product mixes) to the disclosure authority?	Not Applicable	Indicate approximate timing every year
When does the disclosure authority validate and publish the disclosure figures: product mixes, supplier mixes, other disclosure mixes (if applicable)?	Until the 30th of June, year X+1	Indicate approximate timing every year
When do the suppliers inform their clients about the disclosure figures?	From the 1st of July year X+1 until the 30th of June year X+2	Indicate approximate timing every year. E.g., is it by the 1st September of year X+1 for disclosure figures of year X or another deadline?
<b>Union Database (UDB) and disclosure supervision</b>		
Will a link between GO Registry and UDB be provided in your domain?		Yes/No
- If yes: which institution/authority will provide this?		Please provide name of institution/authority
Will the Disclosure Competent Body have access to the UDB?		Yes/No
What mechanism is in place for the interaction between the GO registry and the UDB?		Please describe
- If none yet, what ideas or plans are there regarding the future for this interaction between GOs and UDB?		Please describe
Is data from the Union Database for sustainable biofuels checked to confirm the location of renewable energy consumption?		Yes/No
- If yes, please describe the principles of this check		Please describe
Is a consistency check done regarding information in the UDB and the beneficiary of cancelled GOs for the same gas?		Please describe
<b>Other issues</b>		
<b>Full disclosure</b>		
Have you implemented a full disclosure system in your country?	No	Yes/No
- If yes, since when?		Please specify date of entry into force
<b>Purposes of the GO</b>		
Do GOs have a function in terms of target compliance and are used as support instrument?	No	Yes/ No (in case all GOs are linked to disclosure)
Is a GO the only "tracking certificate" used?	Yes	Yes/No
- If no: Are any other tracking systems of a similar purpose and function as GO closely coordinated with GO?		
- If no: please name the other organisations active in the market (voluntary schemes/non governmental bodies/private initiatives), their role and the task they perform.		Please specify

Besides GO, is there only the Residual Mix available for usage for disclosure? - If no, please specify	Yes	Yes/No (No meaning there are other tracking mechanisms accepted)
Are GOs issued for self-consumed energy? - If yes: what are the rules on disclosure for such GOs?	No	Yes/No Please specify

#### Regulations on Power Purchase Agreements (PPAs)

In terms of disclosure, how do you treat energy that is bought in a competitive setting or in a long-term power purchase agreement?	Not taken into account separately from Energy traded in other ways.	Please describe
Who is responsible for disclosing/cancelling the GOs for competitive settings or long-term purchase agreements?	Supplier	supplier/plant operator/customer? Please specify

## Section B

#### Information on Environmental Parameters

Does the supplier mix include information on environmental impacts?	Yes	Yes/No. Note the legal requirement for such information for <b>electricity</b> : Electricity Directive 2019/944, Annex I, Article 5(b)
Please indicate the data source for disclosing environmental information with the supplier mix?	Total CO2 emissions collected by TSOC for disclosure. Please see CERA's decision: <a href="https://www.cera.org.cy/el-gr/apofasis/details/apofasi-166-2024">https://www.cera.org.cy/el-gr/apofasis/details/apofasi-166-2024</a>	Please describe how it is done in the Domain
Is there information on the guarantee of origin issued in your domain about meeting sustainability criteria and emission savings? - If yes, in segments where compliance with sustainability and emission saving criteria is required (e.g. transport or heating), do you require that the supply (consumption) in this segment is confirmed by a GO? - If not, how is such consumption demonstrated and how is it reflected in the residual mix?	No It is not demonstrated.	Yes/No please describe
How do you treat sustainability information in disclosure statements?	Each supplier gets its own CO2 emissions figure. Please see CERA's decision: <a href="https://www.cera.org.cy/el-gr/apofasis/details/apofasi-166-2024">https://www.cera.org.cy/el-gr/apofasis/details/apofasi-166-2024</a>	please describe

#### Other Reliable Tracking Systems (RTS) and evidence of criteria-compliance like Proofs of Sustainability (PoS)

Next to GOs, do you also allow other RTS as basis for Disclosure? (ex. Contract based tracking, Residual Mix, tradeable Proofs of Sustainability (PoS), etc) - If yes, please describe - If yes, are they treated in a way that is legally separated from GOs?	No	Yes/No Please describe Please describe
How do Proofs of Sustainability interact with the GO system?	Not applicable	Please specify if GO and PoS are either 1) issued separately (please describe), 2) may be connected on an integrated mechanism (please describe how), 3) always only on an integrated document or mechanism (please describe this mechanism), 4) other (please describe)
Do you prohibit statistical data to be used for determining the energy sources of energy obtained from exchanges? - If no, under what circumstances do you allow statistical data to be used for determining the energy source of energy from an exchange?	Not applicable	Yes/No Please describe
Do you prohibit statistical data to be used for determining the energy sources of imported energy? - If no, under what circumstances do you allow statistical data to be used for determining the energy source of imported energy?	Not applicable	Yes/No Please describe
Who is in charge of collecting statistics for Proofs of Sustainability (PoS) issued in your Domain?	Not applicable	Please specify
When are the PoS made available?	Not applicable	Please specify the time delay after the end of the energy production period, within which the PoS is made available.
Is it possible to separately issue a PoS and a GO for the same energy production? - If no, how is this ensured that only one of the two instruments is provided to a producer? - If yes, can the PoS be allocated to a different consumer than the consumer for whom the GO is cancelled? - If only a PoS can be issued, how will you ensure that the new obligation for gas suppliers under RED III Article 19(8) is fulfilled?	Not applicable	Yes/No Please describe Please specify Please specify
What measures prevent that a Proof of Sustainability is allocated to a different consumer than the GO that was issued for the same energy? (Double disclosure)	Not applicable	Please describe
