General		•	•	•		·
Does your member state have a disclosure obligation for						
origin of supplied/comsumed energy?	Yes	Not yet	Not yet	Not yet	Not yet	Yes/No
- If yes, To which economic operators does it apply?	Electricity suppliers					Please specify (categories like: regulated suppliers, corporate consumers, all,)
	The act on Energy (Official Gazzete, No. 120/12, 14/14, 102/15, 68/18) and Methodology for determining origin of electricity (Official					Please name the relevant regulations and provide a
- If yes, Under what rules it is governed?	Gazzete, No. 133/14)					reference (preferably a version in English)
When did the regulation(s) regarding disclosure initially come into force?	2014					Please name the date in which the regulation(s) inititally came into force. Date format: YYYY-MM-DD
When was the last revision of the disclosure regulation(s)	2019					Please name the date of the last revision of the dislosure regulation(s)
who is the Competent Body in charge for the supervision						
of disclosure?	HERA (NRA) and HROTE					Please specify name
 Since when are they in charge of supervision of disclosure? 	2014					Please specify date
- Under which legal nomination (law/decree/decision) are they appointed as competent body?	The act on Energy (Official Gazzete, No. 120/12, 14/14, 102/15, 68/18) and Methodology for determining origin of electricity (Official Gazzete, No. 133/14)					Provide reference to legal nomination
Are GOs the only instrument for disclosing known origin in disclosure statements to final customers?	Yes					Yes/No
- If no, please specify the other instruments						Please specify
Which measures are in place for supervision of suppliers regarding their disclosure of the origin of the gas of their						Gas only, please describe
Do suppliers submit samples of their invoices to the disclosure supervisor?	Yes					Yes/No. Disclosure supervisor for electricity : the authority supervising the obligation on suppliers to inform their clients about their supplier mix and product mix according to Electricity Directive 2019/944, Annex I, Article 5 Disclosure of energy sources.
- If yes, how often?	once a year					Please specify frequency
Is there a public report on the result of the disclosure						
supervision?	Yes					Yes/No
- If yes, where can it be found?	www.hrote.hr					Please specify
If a supplier is active in multiple Member States: does the supplier mix in your country/region account for this?	No					Yes/No
- If yes: how does this influence the supplier mix in your country/region?						Please specify

Implementation of Article 19 (8) of the Directive 2018/200	pplementation of Article 19 (8) of the Directive 2018/2001 and amended with 2023/2413									
ave you fully implemented the requirements of Art. 19										
(8) of Directive 2018/2001(EU) amended with	Yes	Not yet	Not yet	Not yet	Not applicable		Yes/No			

- If not, please specify which elements you have not	R	RED3 is still to be				
implemented yet.	ti	transposed	transposed	transposed	transposed	Please specify

Unit of energy represented by a GO	it of energy represented by a GO									
Is the unit of a GO MWh?	Yes	Yes	Yes	Yes	Yes		Yes/No			
Do you use smaller units than MWh for GOs?	No						Yes/No			
Is the standard size for smaller size GOs equal to 1 Wh?										
	Not applicable						Yes/No			
- If no: please specify							please specify			
Do you differentiate the different units in the disclosure										
statements? Please explain your methodology										
	Not sure, see comment						Yes/No, please specify			
- If no: please specify	Disclosure is predominantly									
·) ···· p····· p·····	carried out in kWh									
	(consumption) and									
	percentages for structrure						please specify			

Customer specific disclosure						
Can a supplier tailor a dedicated product to a specific						
consumer?	yes	Not yet	Not yet	Not yet	Not yet	Yes/No.
Can a consumer cancel their own GOs?	No					Yes/No.
Can other parties than licensed suppliers cancel GOs?	No					Yes/No.
Please describe the principles in case any of the above						
three questions apply, meaning that customer specific	Supplier can have a specificy					
disclosure is allowed.	supply contract					Please describe
Please describe how the customer specific disclosure is	Suppliers cancel GOs with a					Please describe the process; do customers have direct access
executed in the registry?	specific purposes.					to the registry, do you allow product mixes, etc?
- If yes: Is the Competent Body for disclosure						
responsible for supervising customer specific	No					Yes/No
- If yes: are there any limitations for customer specific						please specify, e.g.: only customers of a certain size receive
disclosure in place? Please specify						customer specific disclosure options, etc.
When offered energy products include claims on the						
origin of the energy, are they always exclusively based on						
cancelled GOs?	Yes					Yes/No, please specify
- If no: please specify						please specify: when are deviations possible, what are claims
						based on otherwise.
When suppliers are offering two or more products,						
distinct in origin of energy: are they required to give						Yes/No.
product-related disclosure information to all their						Note that under Electricity Directive 2019/944, Annex I,
customers, including for the "default" product for those						Article 5, each electricity product must have a product mix.
customers who do not choose a specific product?						Default product: the product a customer gets if they don't make an explicit choice of supplier and product, in case it is
						different from other commercial products.
	Yes					aggerent grom other commercial products.
- If no, please specify						please specify

Calculations of Residual Mixes					
Gas only: Does your Member State calculate the residual					
mix for gases?		Not yet	Not yet	Not yet	Yes/No
- If yes, which method is used to determine this?					Please specify
- If yes, who calculates the Residual Mix in your					
Member State?					Name of organisation
- Weblink to the results of the national publication of					
the residual mix					weblink or explanation from when onwards this is expected
Electricity only: Do you use the data of the Residual Mix					
calculated by the AIB?	No				Yes/No

- If no, please specify which data you use?	Eurelectric for Third countries	Please specify

Timing of disclosure				
Do the production periods for issuing GOs coincide with the disclosure periods?				
Are GOs valid for transactions for more than 12 months	No			Yes/No
after the production of the energy unit?	No			Yes/No
- If yes, please specify				Please specify
Do GOs that have not been cancelled expire at the latest				
18 months after the production of the energy unit?	Yes			Yes/No
- If no, please specify				Please specify
Are expired GOs collected into the Residual Mix (by				
fulfilling the statistic requirements of AIB)?	Yes			Yes/No
- If no, please specify				Please specify
Do the cancelled GOs for disclosure in year X+1 refer to				Yes/No (No meaning: no GOs from previous or future
the production of year X?	Yes			production years can be used for the disclosure period)
- If no, please specify the handling				Please specify
When is the deadline for disclosure?	31.03. of X+1			please specify; ex. 31 March Year X+1

Usage ex-domain cancellations	ige ex-domain cancellations									
Do you issue your GOs under the European Energy Certificate System (EECS) of AIB?	Yes						Yes/No			
Do you allow for ex-domain cancellations, which means cancelling a GO in your registry for the usage in another registry?	Yes						Yes/No			
- If yes, please describe under which conditions?	xxxxx						please describe			
- If yes, are ex-domain cancellations reported to the AIB for statistical purposes?	xxxxx						Yes/No			
domain, are not also claimed for consumption in your	Cancellations in the national registry are always appoved by HROTE						please describe			

Introduction of full disclosure and purposes of the GO				
Have you implemented a full disclosure system in your	No			Yes/No
- If yes, since when?				Date
Do GOs have a function in terms of target compliance				Yes/ No (in case all GOs are linked to disclosure)
and are used as support instrument?	No			
Is a GO the only "tracking certificate" used?				
				Yes/No
	No			
- If no: Are any other tracking systems of a similar				
purpose and function as GO closely coordinated with				
GO?	Yes			
- If no: please name the other organisations active in	HROTE tracks electricity sold			
the market (voluntary schemes/non governmental	from producers in the			
bodies/private initiatives), their role and the task they	national FIT support scheme			
perform.	via suppliers to end customers			
17 - 3 -	(regulated buyoff and sale			
	using market shares)			Please specify
Besides GO, is there only the Residual Mix available for				Yes/No (No meaning there are other tracking mechanisms
usage for disclosure?	No			accepted)

- If no, please specify				
	Explicit tracking of electricity			
	sold from producers in the			
	national FIT support scheme			
	via suppliers to end customers			Please specify
Are GOs issued for self-consumed energy?				
	no			Yes/No
- If yes: what are the rules on disclosure for such GOs?				
·, / · · · · · · · · · · · · · · · · · ·				Please specify

Do you have criteria in place for accepting foreign GO for				
disclosure?	Yes			Yes/No
- If yes: Since when are these criteria in place?	2013			Please specify
 If yes: Are the criteria transparently published in your country? 	Yes			Please specify and indicate where those are published. If electronically please provide a link.
Are the conditions for the recognition of GOs from other countries based on Art. 19 of Directive 2018/2001/EC and 2023/2413/EC or compatible national legislation?	No			Yes/No
Do you recognise GOs from other countries that have not implemented a disclosure system?	No			Yes/No
Do you recognise GOs from other countries that have not implemented appropriate measures to effectively avoid double counting of GOs?	No			Yes/No
Do you accept imported GOs for disclosure from all EU member states and other members of the European	Not sure, see comment			Yes/No
 If no, please name the countries from which you do not accept imported GOs for disclosure 	Technical reasons (AIB)			Please specify
- If yes, please specify the reasoning for accepting				Please specify
Do you accept imported GOs from parties to the Energy Community Treaty?	Not yet			Yes/No
- If yes, please name the countries from which you do import				Please specify
- If yes, please specify the reasoning for accepting				Please specify
Do you accept for disclosure imported GOs from other countries than EU and EEA?	No			Yes/No. This question is merely oriented towards countri from EU and EEA, but others are welcome to fill in
- If yes, since when?				Please specify
- If yes, please name the countries from which you accept imported GOs for disclosure				Please specify
- If yes, please specify the reasoning for accepting				Please specify
Does the Domain treat imported GO as national GO when it comes to disclosure?	Yes			Yes/No
- If no, please specify				Please specify
Does the customer get information on the country of origin of the GOs in the disclosure statement?	no			Yes, please specify where and how/No

l	Information on Environmental Parameters											
Γ	Does the supplier mix include information on							Yes/No. Note the legal requirement for such information for				
	environmental impacts?							electricity : Electricity Directive 2019/944, Annex I, Article				
		No						5(b)				

Please indicate the data source for disclosing				
environmental information with the supplier mix?	N/A			Please describe how it is done in the Domain
Is there information on the guarantee of origin issued in				
your domain about meeting sustainability criteria and				
emission savings?	no			
- If yes, in segments where compliance with				
sustainability and emission saving criteria is required				
(e.g. transport or heating), do you require that the				
supply (consumption) in this segment is confirmed by				
a GO?				
- If not, how is such consumption demonstrated and	Disclosure is specified only for			
how is it reflected in the residual mix?	structure of primary energy			
	sources. Disclosure of other			
	inf (CO2, nuc. Waste, etc,) is			
	only generaly prescribed by			
	primary legislation.			
How do you treat sustainability information in disclosure				
statements?	N/A			please describe

Information on Disclosure communication	ormation on Disclosure communication										
Is the annual disclosure of the supplier mix displayed on											
the energy bill?	Not sure, see comment						Yes/No				
	Suppliers are require to send										
	an annual disclosure report										
	either with the bill or										
	separately						Please describe				
Is disclosure information of different suppliers centrally							Pls. Provide short explanation plus reference to				
available (e.g. reports) ?	yes						website/regulation.				
If not, how is such consumption demonstrated and how											
is it reflected in the residual mix?											
Is there an official regulation on communication of											
aspects related to additionality or ecological quality							Pls. Provide short explanation plus reference to				
aspects together with disclosure? Please describe.	no						website/regulation.				

Regulations on Power Purchase Agreements (PPAs)	agulations on Power Purchase Agreements (PPAs)										
In terms of disclosure, how do you treat energy that is											
bought in a competitive setting or in a long-term power	No particular handling. GOs										
purchase agreement?	can be a part of an PPA.						Please describe				
Who is reponsible for disclosing/cancelling the GOs for											
competitive settings or long-term purchase agreements?											
	Depends on the PPA.						supplier/plant operator/customer? Please specify				

Energy Storage	ergy Storage										
Can storage prolong the lifetime of a GO for more than											
12 month after the production of the energy unit?	No						Please describe				
Does your system facilitate "Storage Issuance" (= cancel											
GOs for the input into storage and issue GOs for the											
storage output, with new production period?)	No						Yes/No				
- If yes, do you provide separate cancellation statistics											
for energy that goes into storage?							Please describe				
- If yes, do GO issuance statistics have a separate											
category for energy released from storage?							Please describe				

Other Reliable Tracking Systems (RTS)

Next to GOs, do you also allow other RTS as basis for				
Disclosure? (ex. Contract based tracking, Residual Mix,				
tradeable Proofs of Sustainability (PoS), etc)	Yes			Yes/No
- If yes, please describe	Explicit tracking of electricity sold from producers in the			
	national FIT support scheme via suppliers to end customers			Please describe
- If yes, are they treated in a way that is legally				
separated from GOs?	yes			Please describe
How do Proofs of Sustainability interact with the GO				
system?	N/A			Please describe
What measures prevent that a Proof of Sustainability is				
allocated to a different consumer than the GO that was				
issued for the same energy? (Double disclosure)	N/A			Please describe
Do you prohibit statistical data to be used for				
determining the energy sources of energy obtained from				
exchanges?	Not applicable			Yes/No
- If no, under what circumstances do you allow				
statistical data to be used for determining the energy				
source of energy from an exchange?				Please describe
Do you prohibit statistical data to be used for				
determining the energy sources of imported energy?				
	No			Yes/No
- If no, under what circumstances do you allow	Statistical data is used for			
statistical data to be used for determining the energy	determining imports from			
source of imported energy?	thrid countries.			Please describe

Data sources					
What is the data source for production data?	TSO/DSO measurement				
	data				Please specify
- If possible, link to data source					Please specify the website for the data source and which party is in charge
When are the statistics based on production					
measurement data available for calendar year X?	yes			F	Please specify
Is production data available with (sub)hourly granularity?	Not yet			Y	/es/No
- If yes, which production categories?				F	Please specify
- If yes, what is the granularity of the data?				1	Omins/15mins/20mins/
 If yes, how long after the production period is the 				F	Please specify
What is the data source for consumption data?	TSO/DSO measurement data			F	Please specify
- If possible, link to data source				F	Please specify the link to the data source
When are the statistics based on consumption measurement comsumption data available for the calendar year X?	in january X+1			F	Please specify
Is hourly consumption data available?	Not yet			Y	/es/No
- If yes, for which consumption categories?				F	Please specify
- If yes, what is the granularity of the data?				1	Omins/15mins/20mins/
 If yes, how long after the consumption period is the data available? 				F	Please specify
Who is in charge of collecting statistics for Proofs of Sustainability (PoS) issued in your Domain?	N/A			F	Please name the organisation in charge
When are the data for the PoS made available?	N/A			F	Please specify

Is it possible to issue a PoS and a GO for the same energy				
production?	N/A			Yes/No
- If no, how is this ensured that only one of the two	- '			
instruments is provided to a producer?				Please specify
	-			rieuse specijy
- If yes, can the PoS be allocated to a different				
consumer than the consumer for whom the GO is				
cancelled?				Please specify
- If only a PoS can be issued, how will you ensure that				
the new obligation for gas suppliers under RED III				
Article 19(8) is fulfilled?				
How does a GO interact witha PoS, please describe the				
process/cooperation				
process/cooperation	N/A			Please specify
Timeline of disclosure				
				L. n
When is the residual mix communicated to suppliers?	bx May 31st of X+1			Indicate approximate timing every year
When do suppliers provide disclosure figures (product				
mixes) to the disclosure authority?	by July 31st of X+1			Indicate approximate timing every year
When does the disclosure authority validate and publish				
the disclosure figures: product mixes, supplier mixes,	by September 30th of			
other disclosure mixes (if applicable)?	X+1			Indicate approximate timing every year
	X.1			Indicate approximate timing every year. E.g., is it by the 1st
When do the suppliers inform their clients about the				
	A			September of year X+1 for disclosure figures of year X or another deadline?
disclosure figures?	August X+1			another dedaline?
GO usage per system boundary				
				V- /N- /F
				Yes/No (E.g. are there restrictions for where to use electricity
				GOs? Can hydrogen GOs be used for consumption from the
				natural gas grid? Can biomethane GOs be used for
				consumption from a hydrogen grid? Any specifics on vehicle
				transported gases? Restrictions on where heating and
				cooling GOs can be used? e.g. can heating and cooling GOs
Do you have rules in place that restrict the usage of GOs				be exported? can they be used on another heating grid than
to a certain system boundary?	No			where they were produced? etc)
- If yes, please specify				Please specify
For Gas GOs, what defines the Network Characteristics				
for which a certain Gas GO may be cancelled, in line with				
REDIII art. 19.8?		 		Please specify
Will you allow cancellation of methane GOs for				
consumption in a Hydrogen System?				Please specify
Will you allow cancellation of Hydrogen GOs for				
consumption in a Natural Gas System?				Please specify
Which GOs are allowed for consumption of vehicle				
transported gases?				Please specify
Which GO usage restrictions apply in relation with the				(and EECS Fact Shoot 20 for values of Discoming-tion Level on
	21/2			(see EECS Fact Sheet 20 for values of Dissemination Level on
Dissemination Level for which the GO is issued?	N/A			GOs - Expected to be also in CEN EN16325 annex E)
				Yes/No (e.g. cancellation for final consumption / for energy
Does your member state publicly provide GO cancellation				carrier conversion / for input into energy storage / for
statistics per consumption category?	No			transition into another certification scheme)
- If yes, into which consumption categories are				
statistics divided?				Please specify
Does your member state provide GO cancellation				
statistics for energy that changes dissemination level				
during its chain of custody?	No	 	 	Yes/No

Do you distinguish different types of GO cancellations:				
cancellations for final energy consumption vs. GO				
cancellation for input into energy carrier conversion, for				
storage, for transitioning into another certification				
mechanism or other?	No			Yes/No/Please specify
Does your member state provide statistics on GOs that				
are cancelled for input into energy carrier conversion (=				
for GO Conversion Issuance)?	No			Yes/No
Link to the detailed cancellation statistics				weblink

Supervision on Disclosure obligation

Supervision on Disclosure obligation				
	There are measures for			
	ELECTRICITY. Cross			
	checking of GOs in			
What measures are in place for supervision of suppliers	relation to consumed			
regarding their disclosure of the origin of the gas of their	electricity with GO claims			
supply?	is under development.			Please describe
Is there a public report on the result of the disclosure				
supervision?	Not yet			Yes/No
- If yes, where can it be found?				Please specify

Union Database (UDB) and disclosure supervision Will a link between GO Registry and UDB be provided in your domain? Yes/No - If yes: which institution/authority will provide this? Will the Disclosure Competent Body have access to the UDB? What mechanism is in place for the interaction between the GO registry and the UDB? Please describe - If none yet, what ideas or plans are there regarding the future for this interaction between GOs and UDB? Is data from the Union Database for sustainable biofuels checked to confirm the location of renewable energy consumption? Please describe - If yes, please describe the principles of this check Is a consistency check done regarding information in the UDB and the beneficiary of cancelled GOs for the same gas? Please describe

Member States reporting to EC on GO statistics and renewable energy consumption

Which principles do you use to report GO statistics and										
renewable energy consumption in annex XVI of the										
implementing Act C(2022) 8251?	Data is retrieved from									
	the Registry						annex XVI of the implementing Act C(2022) 825			
Do the reported figures differ from your published GO										
statistics?	No						Yes/No			
- If yes, how do they differ?							Please describe			
Do the reported figures differ from the reported										
consumption data for the annual residual mix excercise?										
	No						Yes/No			
- If yes, how do they differ?							Please describe			

Suggestion on Improvement

Which improvement suggestions do you have regarding				
the residual mix calculation method?				Please describe
Which improvement suggestions do you have regarding				
this questionnaire?				Please describe
