Do you issue your GOs under the European Energy Certificate System (EECS) of AIB?	Yes				Yes/No
Do you allow for ex-domain cancellations, which means cancelling a GO in your registry for the usage in another registry?	No			cancellations, that is cancel GOs from registries that are not members of AIB.	Yes/No
- If yes, please describe under which conditions?					please describe
<ul> <li>If yes, are ex-domain cancellations reported to the AIB for statistical purposes?</li> </ul>					Yes/No
How do you ensure that GOs, cancelled for another domain, are not also claimed for consumption in your own domain?	N/A				please describe

Introduction of full disclosure and purposes of the GO						
Have you implemented a full disclosure system in your country?	No	Not applicable	Not applicable	Not applicable	Not applicable	Yes/No
- If yes, since when?		Not applicable	Not applicable	Not applicable	Not applicable	Date
Do GOs have a function in terms of target compliance and are used as support instrument?	No					Yes/ No (in case all GOs are linked to disclosure)
Is a GO the only "tracking certificate" used?	Yes					Yes/No
<ul> <li>If no: Are any other tracking systems of a similar purpose and function as GO closely coordinated with GO?</li> </ul>						
<ul> <li>If no: please name the other organisations active in the market (voluntary schemes/non governmental bodies/private initiatives), their role and the task they perform.</li> </ul>						Please specify
Besides GO, is there only the Residual Mix available for usage for disclosure?	Yes	Not applicable	Not applicable	Not applicable	Not applicable	Yes/No (No meaning there are other tracking mechanisms accepted)
- If no, please specify						Please specify
Are GOs issued for self-consumed energy?	Yes, for national GOs					Yes/No
- If yes: what are the rules on disclosure for such GOs?						Please specify

ecognition of GOs from other countries					
Do you have criteria in place for accepting foreign GO for disclosure?					
	Yes				Yes/No
- If yes: Since when are these criteria in place?	* Member of AIB * Agreement with EU				Please specify
- If yes: Are the criteria transparently published in your country?	Yes, thru domain protocol				Please specify and indicate where those are published. If electronically please provide a link.
Are the conditions for the recognition of GOs from other countries based on Art. 19 of Directive 2018/2001/EC and 2023/2413/EC or compatible national legislation?	Yes				Yes/No
Do you recognise GOs from other countries that have not implemented a disclosure system?	Not sure, see comment			Recognition is based on the criteria in C90	Yes/No
Do you recognise GOs from other countries that have not implemented appropriate measures to effectively avoid double counting of GOs?	Not sure, see comment			Recognition is based on the criteria in C90	Yes/No
Do you accept imported GOs for disclosure from all EU member states and other members of the European Economic Area (EEA)?	No			that GOs have to be transfered electronically. This means that	Yes/No
<ul> <li>If no, please name the countries from which you do not accept imported GOs for disclosure</li> </ul>	Switzerland, Serbia,				Please specify
- If yes, please specify the reasoning for accepting					Please specify
Do you accept imported GOs from parties to the Energy Community Treaty?	Not sure, see comment			Recognition is based on the criteria in C90	Yes/No
- If yes, please name the countries from which you do import					Please specify
- If yes, please specify the reasoning for accepting					Please specify

Do you accept for disclosure imported GOs from other countries than						
EU and EEA?						Yes/No. This question is merely oriented towards countries
	Yes	Not applicable	Not applicable	Not applicable	Not applicable	from EU and EEA, but others are welcome to fill in
- If yes, since when?						
	2013	Not applicable	Not applicable	Not applicable	Not applicable	Please specify
- If yes, please name the countries from which you accept	other members of the					
imported GOs for disclosure	European Economic Area					
	except Switzerland and Serbia					Please specify
<ul> <li>If yes, please specify the reasoning for accepting</li> </ul>	same rules for origin of					
	guarantees.					Please specify
Does the Domain treat imported GO as national GO when it comes to						Yes/No
disclosure?	Yes

Can storage prolong the lifetime of a GO for more than 12 month after the production of the energy unit?	Ne	Nie	No	No	No		Diament describe
Does your system facilitate "Storage Issuance" (= cancel GOs for the	NO	INO .	NO	NO	NO		Please describe
input into storage and issue GOs for the storage output, with new							
production period?)	No	No	No	No	No		Yes/No
<ul> <li>If yes, do you provide separate cancellation statistics for energy that goes into storage?</li> </ul>							Please describe
- If yes, do GO issuance statistics have a separate category for							
energy released from storage?							Please describe
Other Reliable Tracking Systems (RTS)							
Next to GOs, do you also allow other RTS as basis for Disclosure? (ex.							
Contract based tracking, Residual Mix, tradeable Proofs of Sustainability (PoS), etc)							
Is the storage element visibile in the dislcosure statements?	No					Residual Mix	Yes/No
	N/A						
- If yes, please describe - If yes, are they treated in a way that is legally separated from							Please describe
GOS?							Please describe
How do Proofs of Sustainability interact with the GO system?							
, , , , , , , , , , , , , , , , , , ,							
	N/A						Please describe
What measures prevent that a Proof of Sustainability is allocated to a							
different consumer than the GO that was issued for the same energy?							
(Double disclosure)	N/A					тне иногнацоп нау ве вазец	Please describe
Do you prohibit statistical data to be used for determining the energy sources of energy obtained from exchanges?						on information such as the	
sources of energy obtained from exchanges:	Not sure, see comment					elctricity exchange or the companies provided.	Yes/No
- If no, under what circumstances do you allow statistical data to							
be used for determining the energy source of energy from an							
exchange?						THE III OF HAVE USED	Please describe
Do you prohibit statistical data to be used for determining the energy						on information such as the	
sources of imported energy?	Not sure, see comment					elctricity exchange or the companies provided.	Yes/No
- If no, under what circumstances do you allow statistical data to							resyno
be used for determining the energy source of imported energy?							
							Please describe
Oata sources What is the data source for production data?	Metering data from		I	1		1	
what is the data source for production data?	electricity meters. Data is						
	sent thru the national						
	EDIEL-system.						Please specify
- If possible, link to data source							Please specify the website for the data source and which
When are the statistics based on production measurement data							party is in charge
available for calendar year X?	At the 15th every month						Please specify
Is production data available with (sub)hourly granularity?	Yes						Yes/No
- If yes, which production categories?							
	All production categories						Please specify
- If yes, what is the granularity of the data?	15-minute metering data						10mins/15mins/20mins/
- If yes, how long after the production period is the data available?	15 days						Please specify
What is the data source for consumption data?	N/A						Please specify
- If possible, link to data source							Please specify the link to the data source
When are the statistics based on consumption measurement							
comsumption data available for the calendar year X?							Please specify
							Yes/No
Is hourly consumption data available?	Not applicable						163/10
	Not applicable						
Is hourly consumption data available?	Not applicable						Please specify
Is hourly consumption data available?  - If yes, for which consumption categories?	Not applicable						

Who is in charge of collecting statistics for Proofs of Sustainability				
(PoS) issued in your Domain?	N/A			Please name the organisation in charge
When are the data for the PoS made available?				Please specify
Is it possible to issue a PoS and a GO for the same energy production?				
is to possible to issue a ros and a corror the same energy production.	N/A			Yes/No
- If no, how is this ensured that only one of the two instruments is	,			
provided to a producer?				Please specify
- If yes, can the PoS be allocated to a different consumer than the				ricase specify
consumer for whom the GO is cancelled?				Please specify
- If only a PoS can be issued, how will you ensure that the new				ricase specify
obligation for gas suppliers under RED III Article 19(8) is fulfilled?				
obligation for gas suppliers under NED III Article 15(0) is juijilled.				
How does a GO interact witha PoS, please describe the				
process/cooperation	n/A			Please specify
