

# Welcome!

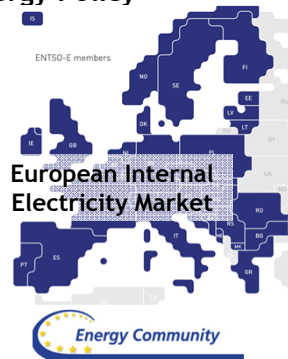

Perspectives on Certification of Power Generation  
in the light of the new EU Energy Policy

October 1<sup>st</sup> 2010

Mr.sc. Zlatko Zmijarević, dipl.ing.  
Croatian Energy Regulatory Agency

## Perspectives on Certification of Power Generation in the light of the new EU Energy Policy

## Perspectives on Certification of Power Generation in the light of the new EU Energy Policy

## What do we need?

- Vision and Goals → **20-20-20**
  - Commitment → **Directives**
  - Re-engineering
  - Innovation
- **RES targets  
GOs/certificates  
disclosure.**

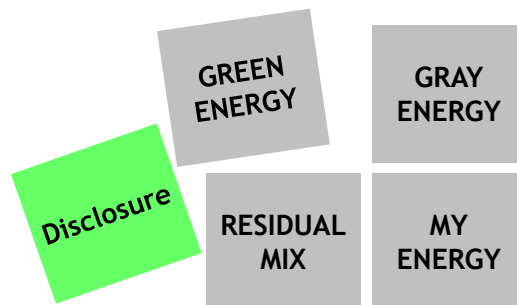

## Perspectives on Certification of Power Generation in the light of the **New EU Energy Policy**

## Where are we in Croatia?

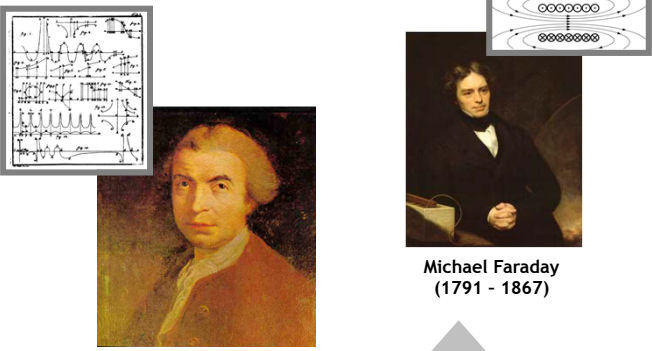

- In the midst of transposing EU Directives (Third Package, new RES directive, etc.)
  - Obligations related to Croatia's accession to the European Union
  - Obligations as a Energy Community Contacting Party
- Recently finished project "Support of Implementation the System of Guarantees of Origin of Electricity"
- On the threshold for creating legislation for Guarantees of Origin and Disclosure

## Perspectives on Certification of Power Generation in the light of the new EU Energy Policy

## Certification of Power Generation

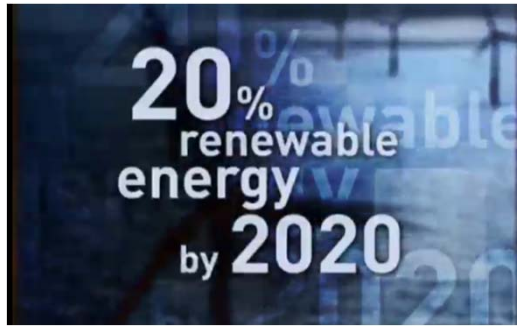

**Ruđer Josip Bošković**  
(1711 - 1787)  
Born in Dubrovnik

**Michael Faraday**  
(1791 - 1867)
